

Dear parents and guardians,

District Registered Nurses will be teaching Reproductive Health lessons at **Lake Marion Creek Middle School** in **Grade 6: 11/14-11/17**, **Grade 7: to be determined**, and **Grade 8: 11/14-11/18**.

As a reminder, all parents and guardians can opt their children out of the entire curriculum or specific lessons.

Lesson content can be viewed, and a paper opt-out form can be accessed and downloaded at [polkschoolsfl.com/humangrowthanddevelopment/](http://polkschoolsfl.com/humangrowthanddevelopment/).

A paper opt-out form has also been sent home with your student. In addition, an online opt-out form is available on your parent portal.

If you choose to opt your child out of any portion of the lessons, please complete the opt-out form online or return the completed, paper opt-out form to your child's teacher/homeroom teacher **no later than 11/14 for 6<sup>th</sup> and 8<sup>th</sup> grades.**

Students whose parents choose to opt-out will have alternative lessons provided in a separate environment and will not be penalized in any way for opting out of the Reproductive Health lessons.

We thank you for your attention and prompt response to this matter.

*Rebecca Pierce, Ed.D*  
*Assistant Principal*
